Phi Beta Iota: President Donald Trump has made it clear that he understands that there is a Deep State and that it uses false flag events and fake news to manipulate the public. Less clear is whether he understands — we believe he does — the malevolent nature of the Zionist parasite and the sharp distinction between Zionism as an evil anti-American subversive force, and Judaism, a religion most of whose followers are now contemplating the need to boycott Israel until its Zionist apartheid government can be abolished. Our educational non-profit endeavors to inform the public in favor of creating a prosperous world at peace. 9/11 Truth, and the truth about the domestic false flag operations now carried out with impunity by an element of the U.S. Government funded by taxpayers (FEMA) is out starting point toward positive change Of, By, and For We the People.

I am not quite sure how pinging works. But what Dr. Eowyn is addressing is my criticism of Trump (1) for taking out Soleimani (which was a war crime under the UN Charter); (2) for imposing sanctions as collective punishment upon Iran (which violated the Fourth Geneva Convention); and (3) for redefining “anti-Semitism” to embrace criticism of the government of Israel (which is a blatant violation of the First Amendment), where Bibi has even bragged about destroying our Constitutional right to freedom of speech.

I have noticed that those who promote "Nobody died at Sandy Hook" disparage the collection of evidence and the conclusion from that evidence that the WTC was turned into dust in mid air by a type of directed energy weapon. Their agenda is quite clear.
